Design and Develop

Learning Programs

Design and Develop

Training Programs

– TAEDES401A

The first part of

delivering any

training is to design

Access Free

Taedes401a

Design and develop the training program itself. This requires defining what training is needed, what VET policies apply to the training, and what needs the learners have, before the training package can be developed.

Learning
...

Develop a training
plan. A plan is an
overview or outline
of how training will
be approached. It
typically includes
the training
program schedule,
key learning
objectives and a list
