Written in a clear and accessible style, The Great University Gamble outlines the architecture of the new policy regime and tracks the developments on the ground. It is an urgent warning that

Access Free The Great University Gamble Money Markets And The Future Of Higher Education

our universities and colleges are now open to commercial pressures, which threaten to transform education from a public good into a private, individual financial investment.

Access Free The Great University Gamble Money Markets And The Future Of Higher Education

The Great University Gamble outlines the architecture of the new frontier for higher education, surveying the financial and policy details, Andrew McGettigan asks the big questions: What will be the role of

Access Free The Great University Gamble Money Markets And The Future Of Higher Education

universities within society?
How will they be funded?
What kind of experiences will they offer students?
Where does the public interest lie?

Great University Gamble How
Can Higher Education Best
Provide Value (For Money)?
Value for money is a pesky
thing. Students, even

Access Free The Great University Gamble Money Markets And The Future Of Higher Education

seasoned graduates, will be hard pressed to assess the precise value of their degree. . . . Students already find value for money a difficult concept to grasp and are more likely to question value than to
