35 Best RENDERING images | Rendering, Modeling tips, Tutorial
Description. In this video series, Eric Keller demonstrates his process for designing, modeling and texturing an accurate and realistic jumping spider. Starting from a simple block out in Pixologic's ZBrush, Eric shows you his pipeline for sculpting accurate details, painting textures and materials in Substance Painter, creating a working topology and UVs in Maya, generating realistic fur using Peregrine Lab's Yeti, and setting up lighting and rendering properties using Redshift for Maya.
